Problem–Solution Fit Canvas — This canvas summarizes the target learners, their challenges and behaviors, existing alternatives, and EduGenie's proposed value. Work allocation follows the team-member order provided.

1. CUSTOMER SEGMENT(S) [CS]

• School and college students
• Self-learners and beginners
• Learners revising academic topics
• Users who need guided, self-paced learning

6. CUSTOMER LIMITATIONS [CL]

• Limited study time and attention
• Difficult or lengthy learning material
• Different levels of prior knowledge
• Internet/API access may be required for cloud AI features

Owner: S.Shobana — identify learner needs and constraints.

5. AVAILABLE SOLUTIONS [AS]

• Search engines and tutorial websites
• Textbooks, notes and videos
• General-purpose AI chatbots

Pros: broad resources and easy access.
Cons: information can be scattered; quizzes and structured learning paths may require extra effort.

2. PROBLEMS / PAINS [PR]

• Complex concepts are hard to understand
• Long passages take time to revise
• Learners may lack practice questions
• Finding a step-by-step learning path is difficult

Frequency: can arise during daily study and exam preparation.

9. PROBLEM ROOT / CAUSE [RC]

• Learning content may not match the learner's level
• Explanations, summaries, quizzes and resources are spread across tools
• Learners may not know what to study next

Owner: R.Priya dharshini — document user problems and root causes.

7. BEHAVIOR + INTENSITY [BE]

Learners search for answers, reread notes, watch tutorials, and practise before assessments.

Intensity: higher when deadlines approach or a topic is confusing.

Owner: S.Rakshana — map user behavior and usage scenarios.

3. TRIGGERS TO ACT [TR]

• A doubt arises while studying
• An exam or assignment is approaching
• A long chapter needs quick revision
• A learner starts a new skill or topic

10. YOUR SOLUTION [SL]

EduGenie is a lightweight AI learning assistant with a web interface and FastAPI backend.

• Q&A and simplified explanations
• Generate 3 MCQs from a passage
• Summarize long text
• Recommend beginner-to-advanced learning paths

Owner: E.Shylaja — coordinate solution flow and feature integration.

8. CHANNELS OF BEHAVIOR [CH]

ONLINE
• EduGenie web interface
• Browser on laptop/desktop
• Digital study materials pasted into the app

OFFLINE
• Classroom or library study
• Notes and textbooks used before/after a session

4. EMOTIONS [EM]

Before: confused, overwhelmed, uncertain about progress.

After: clearer understanding, more confidence, and a more organized next step.

Owner: S.Sheeba — review learner experience and validation feedback.

Team work allocation (in the order provided): R.Priya dharshini — problem/root-cause analysis; S.Shobana — customer segments and limitations; S.Rakshana — learner behavior and scenarios; E.Shylaja — solution design and feature integration; S.Sheeba — emotions, user experience, and feedback validation.
