Project Executable Files

Date	01 October 2026
Team ID	SWTID-2026-1940
Project Name	Team Enrollment Confirmation - EduGenie: Google Gemini Powered Learning Assistant
Maximum Marks	3 Marks

Project Executable Files

This section lists the executable and supporting files for the EduGenie project. Ensure that the source code, setup instructions, dependencies, and relevant test materials are organized and ready for evaluation. Mark each item as Yes, No, or N/A.

Step 1: Submission Checklist

S.No	Item to Submit	Submitted (Yes / No / N/A)
1	Complete source code (all files and folders)	
2	README / Setup Guide (instructions to run the project)	
3	requirements.txt / dependency file	
4	Environment configuration example (.env.example; do not include secret API keys)	
5	Database schema / seed files (if applicable)	
6	Deployed application URL (if hosted)	
7	APK / executable binary (if applicable)	
8	Docker / containerization configuration (if applicable)	
9	Test files and test results	
10	Demo video or walkthrough (if required)	

Team Work Allocation

Project: EduGenie — Google Gemini Powered Learning Assistant

The following responsibilities are assigned in the same order as the team members' names. Tasks are based on the modules and workflow described in the project document.

S.No	Team Member	Assigned Work	Responsibilities
1	**R. Priyadharshini**	Team coordination and backend integration	Coordinate the team; integrate the project modules with the FastAPI application; check API routes such as /qa, /explain, /quiz, /summarize, and /learn/recommendations; help prepare the final submission.
2	**S. Shobana**	Explanation module	Work on the topic-explanation feature using the project's explanation module; connect it with the backend and check that explanations are clear and easy to understand.
3	**S. Rakshana**	Question-answering and quiz modules	Work on the Q&A; feature and quiz generation; check that quiz questions have four options and that the generated answer data is handled correctly.
4	**E. Shylaja**	Summary and learning-path modules	Work on summarizing long educational passages and generating structured learning recommendations from beginner to advanced levels.
5	**S. Sheeba**	Frontend, testing, and documentation	Work on the HTML/CSS interface and form integration; test the main features; help prepare the README/setup guide, dependency list, and demo walkthrough.

Project Modules Covered

Q&A;	Explain	Quiz	Summary	Learning Path
/qa	/explain	/quiz	/summarize	/learn/recommendations

Team Members: R. Priyadharshini, S. Shobana, S. Rakshana, E. Shylaja, S. Sheeba

Note: Responsibilities are a suggested division of work and can be adjusted by the team based on actual progress.
