Empathy Map

Date	15 March 2024
Team ID	SWTID-2026-1940
Project Name	Team Enrollment Confirmation - EduGenie: Google Gemini Powered Learning Assistant
Maximum Marks	4 Marks

Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS
- "I need simple explanations for complex academic topics."
- "I want quick quizzes to test my understanding instantly."
- "Long educational passages are tedious; I need short summaries."
- "I need a step-by-step roadmap from beginner to advanced."

THINKS
- AI tools should be fast, accurate, and accessible to everyone.
- Will I be able to learn tough concepts without feeling overwhelmed?
- Self-study would be much easier with a 24/7 AI tutor.
- Instant feedback on quizzes will boost my learning confidence.

DOES
- Interacts with EduGenie web app for Q&A; and text summarization.
- Generates 3-question MCQs to prepare for upcoming exams.
- Follows recommended learning paths for structured topics like SQL.
- Runs lightweight local/cloud AI models for efficient learning.

FEELS
- Relieved when complex topics are simplified into clear concepts.
- Motivated after evaluating knowledge with instant quizzes.
- Guided and confident when following a structured learning path.
- Empowered to learn independently at their own pace.

Work Assignment & Role Distribution:

Order	Name	Empathy Map Section	Project Work & Module Assigned
1	R.Priya dharshini	**SAYS**	QnA Module (Gemini 1.5 Pro integration & Question Answering)
2	S.Shobana	**THINKS**	Explanation Module (LaMini-Flan-T5 model & Concept Simplification)
3	S.Rakshana	**DOES**	Quiz Generation Module (MCQ Creation & JSON Parsing)
4	E.Shylaja	**FEELS**	Summarization Module (Passage Reduction & Text Processing)
5	S.Sheeba	**PERSONA** / Overall Path	Learning Path Module & Frontend Integration (HTML/CSS & FastAPI Routing)
